Meeting At A Glance

2018 Annual Meeting
February 10, 2018
Loews Annapolis Hotel
Annapolis, MD

Presidential
Guest Speaker
Scott H. Kozin, MD
Shriners Hospital - Philadelphia

Guest Speakers
Michael J. McCaslin, CPA
Somerset CPAs & Advisors

Gene M. Ransom III
CEO, MedChi

Open to all MOA Members,
Orthopaedic Surgeons, Residents,
Fellows, Allied Health Professionals
and Medical Students

Download the Complete Program: On a mobile device, in the Apple Store or Google Play store, search “DTMS” and download; on a laptop go online to <https://datatrace.gatherdigital.com>.

President's Welcome

James J. York, MD

President, Maryland Orthopaedic Association

Dear Colleague,

It has been an honor to serve as President of our Maryland Orthopaedic Association. We at MOA have focused on several areas of service to our members. First is continuing medical education. We have continued to provide web based clinical material, and an Annual Meeting which balances clinical updates, practice management material, cutting edge research and networking with our colleagues around the state. Our other critical area of activity is interaction with government. Advocacy at the legislature and with the state executive branch continues to be a critical mission for our State Society.

Besides the legislature, the Department of Health and the Medical Licensing Board have had a profound impact on our ability to practice Orthopaedic Surgery. To that end we retain an excellent, experienced lobbyist to represent us and our issues to each of the branches of our state government. Just as important as the MOA lobbyist, are the relationships that our Board Members and many of our colleagues have with our state legislators.

Sometimes I hear, "How can I participate in Orthopaedic Advocacy when I am up to my eyeballs in work?" If you cannot come to Annapolis during the legislative session or meet with your delegates or state senator, you CAN participate in our MOA Political Action Committee (PAC). The PAC is a valuable communication tool and provides Maryland Orthopaedists access to legislators. Every elected official remembers those who contribute to reelection funds.

PAC contribution forms are as close as your computer or smartphone: www.mdortho.org. PAC forms are available at the Annual Meeting Registration Booth. Join our PAC now!

Year over year, we strive to make our Annual Meeting relevant to you with a balance of practical clinical updates, a peek at the future of Orthopaedics with cutting edge research papers, practice management symposia and updates / reports on our advocacy efforts. I would like to thank our program committee led by Dr. Joshua Abzug for constructing a superb 2018 Annual Meeting.

The Annual Meeting welcomes you at no cost if you are an MOA member.

I am sure that you will find our 2018 meeting valuable and relevant. I always look forward to catching up with our colleagues. We appreciate your involvement, participation, and membership in the Maryland Orthopaedic Association.

Sincerely,

James J. York, MD
2017-2018 President

MOA Board of Directors

President

James J. York, MD

President Elect

Robert S. Sterling, MD

2nd Vice President

Scott C. McGovern, MD

Secretary-Treasurer

S. Ashfaq Hasan, MD

Past President

Ronald E. Delanois, MD

Members-At-Large

John Antoniadis, MD

John V. Ingari, MD

Barry Waldman, MD

BOC Representatives

Amir R. Moinfar, MD

Gary Pushkin, MD

MPCAC Representative

Nicholas P. Grosso, MD

Resident

Representatives

Steven Horton, MD

Alex Johnson, MD

Andrew Trontis, MD

2018 Program Chair

Joshua M. Abzug, MD

Presidential Guest Speaker

Scott H. Kozin, MD

Shriners Hospital for Children, Philadelphia

MOA is pleased to have Scott H. Kozin, MD as the 2018 Presidential Guest Speaker. Dr. Kozin is the chief of staff for Shriners Hospitals for Children – Philadelphia and is board certified by the American Board of Orthopaedic Surgery. He received an undergraduate degree in computer science from Duke University and earned a medical degree from Hahnemann University School of Medicine. Dr. Kozin completed his residencies in orthopaedic surgery at Albert Einstein Medical Center and Shriners Hospitals for Children – Philadelphia. He also completed a fellowship in hand and microvascular surgery at Mayo Clinic in Rochester, Minnesota.

Areas of special interest to Dr. Kozin include upper extremity/brachial plexus injuries, spinal cord injuries, congenital differences and upper limb reconstruction.

Dr. Kozin is the past president of the American Society for Surgery of the Hand and past president of the American Association of Hand Surgery. He is also a clinical professor for the department of orthopaedic surgery at Temple University School of Medicine. Dr. Kozin is the team leader for the Touching Hands Project, the outreach arm of the American Society for Surgery of the Hand that creates opportunities for hand specialists to give back their knowledge and expertise to the global community, with a vision of a world where all people have access to exceptional hand care.

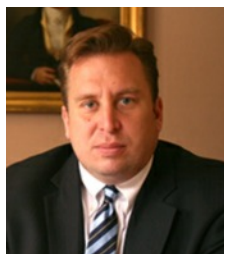

Guest Speaker

Michael J. McCaslin, CPA

Somerset CPAs and Advisors

MOA is pleased to welcome Guest Speaker, Michael J. McCaslin, CPA of Somerset CPAs and Advisors. Mr. McCaslin provides services for health care clients in multiple states throughout the country. As a principal in the health care group, he has many areas of expertise which include the development of health care delivery systems and multi-physician specialty organizations, and the negotiation of physician and hospital relationships. He also specializes in joint venture and merger analysis and transactions, strategic planning, buy-in and buy-out structuring and restructuring, development of governance structures and succession planning structures. In addition, he assists clients with income distribution methodology design and change management, new services development, ambulatory surgery center development and other physician and health system consulting needs.

Mr. McCaslin speaks on health care, accounting and practice management issues to physicians, hospitals and other medical organizations. He believes that the key to success is to surround yourself with smart, capable people and then empower them to make full use of their talent and expertise.

Guest Speaker

Gene M. Ransom, III

MedChi

MOA is pleased to have Gene M. Ransom, III as a Guest Speaker. Mr. Ransom is CEO of the largest physician organization in Maryland, MedChi, The Maryland State Medical Society. As MedChi executive, Mr. Ransom implements MedChi's mission as an advocate for physicians, patients, and the public health of Maryland. MedChi currently represents over 7,500 Maryland physicians, created several Accountable Care Organizations, and operates one of Maryland's largest Insurance Agencies.

A life-long resident of the Delmarva Peninsula, Mr. Ransom graduated from The University of Maryland with honors in economics and the University of Baltimore School of Law, and was elected to the Queen Anne's County Commission in November 2002. When elected, at thirty-one, he made history as the youngest Commissioner ever to serve Queen Anne's County. During his term as Commissioner, he fought for fiscal responsibility, managing a budget of over 100 million dollars and voting for a balanced budget every year in office while reducing the Queen Anne's property tax rate by over twenty cents during his two terms. He was an instrumental part of a bipartisan effort to bring the first full service twenty-four hour emergency room to Queen Anne's County.

7:00 am – 7:25 am Registration & Continental Breakfast
Annapolis Atrium

7:00 am – 7:25 am Scientific E-Poster Session **Windjammer Room**

7:00 am – 6:00 pm Speaker Ready Room **Windjammer Room**

7:25 am – 7:30 am Welcome & Course Overview
Joshua M. Abzug, MD, Program Chair
James J. York, MD, President

SESSION 1: TRAUMATIC SPORTS INJURIES

MODERATOR: MIHO J. TANAKA, MD, JOHNS HOPKINS UNIVERSITY

7:30 am – 7:40 am Evidence Based Update
Miho J. Tanaka, MD, Johns Hopkins University

7:40 am – 8:10 am Case Based Discussion
Jonathan D. Packer, MD, University of Maryland
Lucas R. Wymore, MD, Southern Maryland
Orthopaedic & Sports Medicine Center
Amir R. Moinfar, MD, Elite Orthopaedic and
Musculoskeletal Center

SESSION 2: TRAUMATIC FOOT AND ANKLE INJURIES

MODERATOR: JAMES R. FICKE, MD, JOHNS HOPKINS UNIVERSITY

8:10 am – 8:25 am Evidence Based Update
James R. Ficke, MD, Johns Hopkins University

8:25 am – 8:55 am Case Based Discussion
Clifford L. Jeng, MD, Mercy Medical Center
Adam J. Mandel, DO, Peninsula Orthopaedic
Associates
Jeffrey T. Brodie, MD, Towson Orthopaedic
Associates

8:55 am – 9:15 am BREAK with Exhibitors **Annapolis Atrium**

SESSION 3: BASIC SCIENCE RESEARCH PRESENTATIONS

MODERATOR: MOHIT GILOTRA, MD, UNIVERSITY OF MARYLAND

9:15 am – 9:19 am Novel Rabbit Model to Evaluate Treatment of
Prosthetic Joint Infection
John Thompson, MD, Johns Hopkins University
*Presented by Robert J. Miller, BS

9:19 am – 9:23 am Oxazine-4 Fluorescence Improves Nerve
Visualization During Revision Surgery in Mice
Jay Reidler, MD, MPH, Johns Hopkins University

9:23 am – 9:27 am Evaluation of a Biodegradable Subacromial
Balloon Spacer on Glenohumeral Joint
Biomechanics in the Setting of Irreparable
Superior Rotator Cuff Tears
Roshan T. Melvani, MD, MedStar Union Memorial
Hospital

9:27 am – 9:31 am Comparison of Multiple-Rod Constructs
Across a Pedicle Subtraction Osteotomy: A
Biomechanical Study
Jarid Tareen, MD, University of Maryland
*Presented by Alysa Nash, BS

9:31 am – 9:35 am Controlling Axonal Regeneration with Acellular
Nerve Allograft Reduces Neuroma Formation
Patrick Grimm, MD, Walter Reed National Military
Medical Center

9:35 am – 9:45 am Discussion

SESSION 4: PERIPROSTHETIC/ONCOLOGIC TRAUMA

MODERATOR: DANIEL VALAIK, MD, JOHNS HOPKINS UNIVERSITY

9:45 am – 9:55 am Evidence Based Update
Daniel Valaik, MD, Johns Hopkins University

9:55 am – 10:25 am Case Based Discussion
Julius K. Oni, MD, Johns Hopkins University
James H. MacDonald, MD, Orthopedic and Sports
Maryland Specialists
Farshad Adib, MD, University of Maryland

10:25 am – 10:45 am BREAK with Exhibitors **Annapolis Atrium**

SESSION 5: GUEST SPEAKERS

MODERATOR: JAMES J. YORK, MD, THE ORTHOPAEDIC AND SPORTS MEDICINE
CENTER

10:45 am – 11:30 am Key Strategies for Patient Centered Care:
Differentiating Your Practice
Michael J. McCaslin, CPA, Somerset CPAs and
Advisors

11:30 am – 11:45 am Current Healthcare in Maryland
Gene M. Ransom III, CEO MedChi

11:45 am – 12:00 pm Business Meeting Including Advocacy and
AAOS Update
James J. York, MD, The Orthopaedic and Sports
Medicine Center

12:00 pm – 1:00 pm Lunch **Annapolis Atrium**

SESSION 6: PRESIDENTIAL GUEST LECTURE

MODERATOR: JOSHUA M. ABZUG, MD, UNIVERSITY OF MARYLAND

1:00 pm – 1:45 pm Volunteerism
Scott H. Kozin, MD, Shriners Hospital for Children
Philadelphia

SESSION 7: CLINICAL RESEARCH PRESENTATIONS I

MODERATOR: JOHN ANTONIADES, MD, ST. AGNES HOSPITAL

1:45 pm – 1:49 pm Incidence, Risk Factors and Causes of
Unplanned Interventions after Total Joint
Arthroplasty
Andrea Stone, MSN, CRNP, Anne Arundel Medical
Center

Program

(unless otherwise specified)
Annapolis Hotel | Annapolis, MD

Presenters and times subject to change

1:49 pm – 1:53 pm Intrawound Antibiotic Powder Decreases Frequency of Deep Infection after Amputation
Benjamin W. Hoyt, MD, Walter Reed National Military Medical Center

1:53 pm – 1:57 pm Socioeconomics, Not Walking Age, Predicts Blount's Disease in Black Children
Walter B. Klyce III, BA, Johns Hopkins University

1:57 pm – 2:01 pm Preoperative Lumbar Corticosteroid Injections and Infection Rates in Lumbar Arthrodesis
Alfred Pisano, MD, Walter Reed National Military Medical Center

2:01 pm – 2:10 pm Discussion

SESSION 8: PEDIATRIC TRAUMA

MODERATOR: PAUL D. SPONSELLER, MD, MBA, JOHNS HOPKINS UNIVERSITY

2:15 pm – 2:25 pm Evidence Based Update
Paul D. Sponseller, MD, MBA, Johns Hopkins University

2:25 pm – 2:55 pm Case Based Discussion
John E. Herzenberg, MD, FRCSC, Rubin Institute for Advanced Orthopedics, Sinai Hospital
Joshua M. Abzug, MD, University of Maryland
Scott H. Kozin, MD, Shriners Hospital for Children Philadelphia

2:55 pm – 3:15 pm BREAK with Exhibitors **Annapolis Atrium**

SESSION 9: TRAUMA INJURIES

MODERATOR: MARCUS F. SCIADINI, MD, UNIVERSITY OF MARYLAND

3:15 pm – 3:25 pm Evidence Based Update
Marcus F. Sciadini, MD, University of Maryland

3:25 pm – 3:55 pm Case Based Discussion
Florian G. Huber, MD, Peninsula Orthopaedic Associates
Babar Shafiq, MD, MS, Johns Hopkins University
Todd D. Jaeblo, DO, University of Maryland

SESSION 10: SPINE TRAUMA

MODERATOR: KELLEY E. BANAGAN, MD, UNIVERSITY OF MARYLAND

4:00 pm – 4:10 pm Evidence Based Update
Kelley E. Banagan, MD, University of Maryland

4:10 pm – 4:40 pm Case Based Discussion
Eugene Y. Koh, MD, PhD, University of Maryland
Scott C. McGovern, MD, Peninsula Orthopedic Associates
Emeka J. Nwodim, MD, The Centers for Advanced Orthopaedics

SESSION 11: UPPER EXTREMITY TRAUMA (HAND & SHOULDER/ELBOW)

MODERATOR: RAYMOND A. PENSY, MD, UNIVERSITY OF MARYLAND

4:45 pm – 4:55 pm Evidence Based Update
Raymond A. Pensa, MD, University of Maryland

4:55 pm – 5:30 pm Case Based Discussion
Ngozi M. Akabudike, MD, University of Maryland
Vipul N. Nanavati, MD, Mercy Medical Center
John V. Ingari, MD, Johns Hopkins University

SESSION 12: CLINICAL RESEARCH PRESENTATIONS II

MODERATOR: BRIAN SHIU, MD, TOWSON ORTHOPAEDIC ASSOCIATES

5:30 pm – 5:34 pm Quantitative Measurement of Thoracic Outlet Decompression Favors First Rib Resection
Patrick E. Assi, MD, Medstar Union Memorial Hospital

5:34 pm – 5:38 pm Effects of Medicaid Expansion on Hand Trauma and Quaternary Care: The Curtis National Hand Center Experience
Charles A. Daly, MD, Curtis National Hand Center at Union Memorial Hospital

5:38 pm – 5:42 pm Patient-Reported Outcomes in Knee Surgery Patients Using Preoperative Opioids
Sean Meredith, MD, University of Maryland

5:42 pm – 5:46 pm Socioeconomic Status as a Risk Factor for Advanced Presentation of AIS
Eve Hoffman, MD, University of Maryland

5:46 pm – 5:50 pm Adolescent Idiopathic Scoliosis: Increased Body Mass Associated with Decreased Outcomes
Adam Margalit, MD, Johns Hopkins University

5:50 pm – 6:00 pm Discussion

SOCIAL ACTIVITY **Windjammer Room**

6:00 pm – 7:00 pm Cocktails and Complications
My Worst Complication From the Masters
James R. Ficke, MD, Johns Hopkins University
John E. Herzenberg, MD, FRCSC, Rubin Institute for Advanced Orthopedics, Sinai Hospital
Paul D. Sponseller, MD, MBA, Johns Hopkins University

6:30 pm – 6:35 pm Awards Presentation for Best Papers
Joshua M. Abzug, MD, University of Maryland

The American Academy of Orthopaedic Surgeons designates this live activity for a maximum of 9 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Complete the CME forms online at
www.mdortho.org/2018cme

STATION A

EDUCATION

- Poster 1:** Impact Factors of Orthopaedic Journals Between 2010 and 2016
Nequesha Mohammed, MD, Rubin Institute for Advanced Orthopaedics
- Poster 2:** Orthopaedic Patients' Usage of a Provided Informational Internet Resource
Sean Meredith, MD, University of Maryland

HIP

- Poster 3:** Comparison between Unilateral and Bilateral Pelvic Fixation Using the S2AI
Mostafa H. El Dafrawy, MD, Johns Hopkins University
*Presented by Micheal Raad, MD
- Poster 4:** Effect of Smoking Status on Opioid Consumption After Total Hip Arthroplasty
Jennifer I. Etcheson, MD, MS, Sinai Hospital of Baltimore
- Poster 5:** Fascia Iliaca Blockade With and Without Liposomal Bupivacaine for Hip Arthroscopy
Patrick Grimm, MD, Walter Reed National Military Medical Center

KNEE

- Poster 6:** Use of Neuromuscular Electrical Stimulation May Reduce Arthrofibrosis after TKA
Jennifer I. Etcheson, MD, MS, Sinai Hospital of Baltimore
- Poster 7:** Adjunctive Diclofenac Decreases Postoperative Pain and Opioid Consumption Following TKA
Nicole George, DO, Rubin Institute for Advanced Orthopaedics
- Poster 8:** Does Obesity Affect Outcomes in Patients Undergoing PT Following TKA?
Nicole George, DO, Rubin Institute for Advanced Orthopaedics
- Poster 9:** Mid-Term Survivorship and Outcomes of Highly Cross-Linked Polyethylene in TKA
Nicole George, DO, Rubin Institute for Advanced Orthopaedics
- Poster 10:** Presentation of Knee Osteoarthritis in the Emergency Department
Nicole George, DO, Rubin Institute for Advanced Orthopaedics
- Poster 11:** Can Global Budget Revenue Improve Costs and Quality in TKA?
Chukwuweike U. Gwam, MD, Rubin Institute for Advanced Orthopaedics
- Poster 12:** Novel Surgical Technique for Re-Tensioning Partial ACL Tears: Biomechanical Analysis
Derek Nhan, BS, Johns Hopkins Children's Center
- Poster 13:** Biomechanical Analysis of Internal Brace Augmented Patellar Tendon Repair Compared to Standard Repair Technique
David Weiner, MD, MedStar Union Memorial Hospital

LOWER EXTREMITY

- Poster 14:** Surgically Relevant Patterns in Triplane Fractures: A Mapping Study
Matthew J. Hadad, BS, Johns Hopkins Hospital
- Poster 15:** Increased Opioid Consumption in Diabetics with Operative Ankle Fractures
David Weiner, MD, MedStar Union Memorial Hospital

SHOULDER

- Poster 16:** Biomechanical Analysis of Shoulder Superior Capsular Reconstruction
Mario Lobao, MD, MedStar Union Memorial Hospital
*Presented by Anand M. Murthi, MD
- Poster 17:** Biomechanical Analysis of Two Acromioclavicular Joint Reconstruction Techniques: LockDown versus Coracoclavicular Tape Reconstruction
Roshan Melvani, MD, MedStar Union Memorial Hospital
- Poster 18:** Patient-Reported Outcomes in Shoulder Surgery Patients Using Preoperative Opioids
Sean Meredith, MD, University of Maryland
*Presented by Vidushan Nadarajah, BA
- Poster 19:** Methodology to Directly Measure Patient Compliance to Shoulder Brace Wear
Anshum Sood, BS, University of Maryland

UPPER EXTREMITY

- Poster 20:** The Epidemiology of NCAA Hand, Forearm, Elbow Injuries 2004/2005 - 2013/2014
Edward Fakhre, BS, Georgetown University
- Poster 21:** Transphyseal Humeral Separations are Associated with High Rates of Misdiagnosis
Arun R. Hariharan, MD, MS, University of Maryland
- Poster 22:** Transphyseal Humeral Separations: What Can We Learn?
Arun R. Hariharan, MD, MS, University of Maryland
- Poster 23:** Favorable Prognosis for Significant Upper Extremity Weakness Following ACDF
Scott C. Wagner, MD, Walter Reed National Military Medical Center
*Presented by Alfred Pisano, MD
- Poster 24:** Where Do Midshaft Clavicle Fractures Really Occur? A Novel Fracture Zone Study
David Weiner, MD, MedStar Union Memorial Hospital
- Poster 25:** Syringe External Fixator: An Inexpensive Treatment for Unstable Phalangeal Fractures
Omer Yousaf, MD, Curtis National Hand Center

STATION B

MISCELLANEOUS

Poster 26: Women Entering Academic Orthopaedics are Likelier to Choose Non-Pediatric Fellowships

Walter B. Klyce III, BA, Johns Hopkins University

Poster 27: Head Mounted Display Use in Surgery: A Systematic Review

Rafa Rahman, BS, Johns Hopkins University

ONCOLOGY

Poster 28: Clinical Indications for Prophylactic Stabilization of Metastatic Bone Disease

Brett Shannon, MD, Johns Hopkins University

*Presented by Adam S. Levin, MD

PEDIATRICS

Poster 29: Childhood Obesity Associated with Physeal Injuries and Different Fracture Patterns

Derek Nhan, BS, Johns Hopkins Children's Center

Poster 30: Delayed Primary Closure versus Split-Thickness Skin Grafts for Pediatric Fasciotomy Closures

Derek Nhan, BS, Johns Hopkins Children's Center

SPINE

Poster 31: Multi-Level Vertebrectomy for Refractory Spondylodiscitis: Clinical Outcomes in 56 Patients

Nissim Ackshota, MD, University of Maryland

*Presented by Alysa Nash, BS

Poster 32: Delayed Diagnosis of Tandem Spinal Stenosis: A Retrospective Institutional Review

Amit Bhandutia, MD, University of Maryland

*Presented by Alysa Nash, BS

Poster 33: Prevalence of P. Acnes in Discs of Patients Undergoing ACDF

Louis Bivona, MD, MS, University of Maryland

Poster 34: Posterior C1-2 Fusion of Type II Odontoid Fractures in Octogenarians

Steven Clark, MD, University of Maryland

*Presented by Alysa Nash, BS

Poster 35: Risk of Rod Fracture in Adult Spinal Deformity Patients Undergoing Long Posterior Spinal Fusion and Three-Column Osteotomy

Mostafa H. El Darawy, MD, Johns Hopkins University

*Presented by Micheal Raad, MD

Poster 36: Vertebral Column Resection for the Treatment of Adult Spinal Deformities: Outcomes and Complications with Minimum Two-Year Follow Up

Mostafa H. El Darawy, MD, Johns Hopkins University

*Presented by Micheal Raad, MD

Poster 37: Targeting an Epigenetic Regulator: Novel Treatment for Peripheral Nerve Injury

Stephen Fernicola, MD, Uniformed Service University

Poster 38: Risk for Cerebral Desaturation Events in the Beach Chair Position

Ashley Klein, MA, University of Maryland

Poster 39: Bracing and the Lumbar Spine in Adolescent Idiopathic Scoliosis

Adam Margalit, MD, Johns Hopkins University

Poster 40: Adjacent Level Disc Height Predicts Cage Subsidence after TLIF

Alfred Pisano, MD, Walter Reed National Military Medical Center

Poster 41: Depression and Anxiety Progression Affects Spine Surgery Patient-Reported Outcomes

Rafa Rahman, BS, Johns Hopkins University

Poster 42: Biomechanical Evaluation of Lumbar Interbody Fusion for Adjacent Segment Disease

Mark Shasti, MD, University of Maryland

Poster 43: Impaction Grafting Increases Bone Contact Area During TLIF

Andrew Trontis, MD, MedStar Union Memorial Hospital

Poster 44: Severe Lumbar Disability is Associated with Decreased Psoas Cross-Sectional Area

Scott C. Wagner, MD, Walter Reed National Military Medical Center

*Presented by Alfred Pisano, MD

Poster 45: Does Diabetes Mellitus Affect Lumbar Paraspinal Muscle Morphometry?

Scott C. Wagner, MD, Walter Reed National Military Medical Center

*Presented by Alfred Pisano, MD

Poster 46: Burden of Posterior Spinal Arthrodesis for AIS Patients and Parents

Matthew Wood, BS, Johns Hopkins Children's Center

Poster 47: Evaluation of Cross-links in Spinal Fusion in Cerebral Palsy Patients

Mohammad Farooq Usmani, MSc, Johns Hopkins University

TOTAL JOINT

Poster 48: Major Depressive Disorder, Pain, and Opioid Consumption Following Total Joint Arthroplasty

Jennifer I. Etcheson, MD, MS, Sinai Hospital of Baltimore

Poster 49: Modified One-Stage Revision Arthroplasty May Be Effective in Treating Periprosthetic Joint Infection

Ahmed Siddiqi, DO, Philadelphia College of Osteopathic Medicine

*Presented by Nicole E. George, DO

Poster 50: Opioid Use Patterns One Year after Total Joint Replacement

Andrea Stone, MSN, CRNP, Anne Arundel Medical Center

Poster 51: Does Sex Affect the Readmission Rate in Patients Undergoing Total Joint Replacement Surgery?

Nader Toossi, MD, Rubin Institute

Keep Orthopaedic Care Accessible & Affordable Contribute to the MOA PAC Today

The Maryland Orthopaedic Association Political Action Committee (MOA PAC) supports candidates and legislators at the state level who understand the challenges of practicing as an orthopaedist in Maryland, and who are responsive to the orthopaedic community's viewpoints and objectives. With the passage of legislation that will transform healthcare as we know it, your support is crucial.

Your contribution to the MOA PAC will help ensure orthopaedic care remains accessible and affordable for all Marylanders!

Contribute online at www.mdortho.org

Contributions to PACs are not tax deductible as charitable contributions. A person can contribute no more than \$4,000 to one Maryland state campaign account and a total of \$10,000 to all Maryland non-federal campaign accounts during the four year cycle, including in-kind contributions. The current cycle began on January 1, 2015 and will end December 31, 2018.
